		3 collaborative meetings with New Parent, GSF, PAT, Group Parent Ed
		13 of 13 new enrolled families meeting the state enrollment criteria to date
		Comments regarding meeting benchmarks:
		The program estimates that program will be under spent for FY13; the
		contributing factors are the recent vacancy of full time family support
		worker position, the interim time before new hire started, and new hire
		brought on at lower rate of pay. This vacancy has also impacted the
		number of HV completed and capacity of program. Yvette Burton started
		in position March 26 th , and will be attending Growing Great Kids training
		in April, and HFA core training in May.
