Special Presentation: Dallas County Sherriff

New/ongoing trends in Dallas County (regarding juveniles/families – substance abuse and mental health)

Juveniles –

- Vaping pens are not being used as much for tobacco anymore (as company intended) as it is for 'dabbing' and marijuana
- All eight school districts have contact the Dallas County Sheriff's Office (DCSO) regarding the high numbers of vaping
- Social media is still a huge concern regarding cyberbullying in general and cyberbullying resulting in suicides
- Continue sexting issues and dissemination
- 21 sexual assaults reported in the last 24 months
- 10 child abuse cases in the last 12 months
- Dallas County Communications (Dispatch) received 18,000 calls for service last year (excluded the cities of Perry and Waukee)
- At home is where all is taught and where it starts. Parents are defending their children's actions/behaviors which is a huge part of the issue

Adults –

- Mental health services are still being provided in the jail at the DCSO (Jail Diversion) through Heart of Iowa Region Community Services. Many inmates on prescription medications (at least 60%)
- More contraband is being smuggled in because of no more strip search law
- DCSO Patrol: High amounts of marijuana, methamphetamine and heroin (the latter for women)
- New DCSO jail will be completed by early November 2019 and will hold approximately 160 inmates and will also hold inmates for surrounding counties that are over-crowded
- Would like to get more Dallas County agencies to speak/hold mini-trainings to the inmates for appropriate services (housing, veterans, financial literacy, etc)

Agency Sharing

- Partners in Family Development (PFD): Jovanka advised members that Parents As Teachers has that curriculum in three additional languages beyond English for parent/family support
- PFD: Another Parent Café was just held in Perry. Advisement/reminder that PFD offers Parent Café, Dad's Café, Vitality Café, 24/7 Dads and Inside Out Dad Café
- PFD: PFD's Perry Office is relocating from the current location in Perry to the Perry Chamber building, which means PFD will be down-sizing and office supplies will be available to other agencies if needed/garage sale
- Four Oaks: Mindy advised members to register for the Lunch-and-Learn at after next Coalition in May {flyer}
- American Lung Association{report handout}Samra Hiros with the American Lung Association provided Quarter 4 action plan updates. Staff met the worksite policy goal for Dallas county for this fiscal year. Samra dropped off E-cigarette resources and posters to all Dallas middle and high schools. Staff has a meeting scheduled at ADM middle school to potentially start an ISTEP chapter. Staff updated the coalition on the recent Quitline Facebook ad that ran. Samra also

Dallas County Coalition

notified the coalition that Prior-Authorizations are going to be removed for Nicotine Replacement Therapies for MCO and fee-for-service patients. More info to come on this change. Please see attached written report for other notes.

- CIAC: Annual Garage Sale on June 6-8, 2019 at the Dallas County Fairgrounds, Adel
 - June 06 from 8:00am-7:00pm, June 07 from 8:00am-7:00pm and June 08 from 8:00am-3:00pm
- April Child Abuse Prevention Month:
 - Val picked up a bundle (300 brown paper bags) from the Waukee HyVee
 - Debb had two male juveniles (reduce community service hours) draw an outline of a pinwheel on each brown paper bag and wrote "Pinwheels for Prevention" and Protecting Children is Everyone's Business" on each bag.
 - Val and Myra had the youth from Waukee YMCA and Little Friends of Living Faith in Clive colored the outlined pinwheels.
 - Val and Myra stuffed each bag with the Pizza for Prevention flyer (Papa Murphy's in Clive) and the "cowboy card" that had a listing of child abuse prevention activities in/around Dallas County.
 - Val dropped off the brown paper bags back to Waukee HyVee.
 - Debb advised that a few members (Deb Schrader, Jenny Felt, Nikki Kinkennon-Bettis, Abigail Akers, Val Cameron and Debb Franz) spoke to the Dallas County Board of Supervisors in late March to annually declare April is Child Abuse Prevention Month in Dallas County. Along with the annual approval to stake a few pinwheels and the child abuse prevention banner on the courthouse lawn.
 - Debb emailed the Iowa Living Magazines, Dallas County News and Perry News to request a Letter to the Editor be printed advising of Child Abuse Prevention Month and contact info of each Coalition.

STATE DATA CENTER: DALLAS COUNTY AMONG TOP TEN FASTEST GROWING NATIONWIDE

DES MOINES— Dallas County is among the top ten fastest growing counties in the nation according to new county and metropolitan statistical area population estimates for 2018 from the State Data Center via the U.S. Census Bureau. The county ranked as 8th fastest nationwide, with an increase in population of more than 36 percent, or 90,180 people, since 2010.

After Dallas County, the fastest growing counties in Iowa were Johnson, with a 15.6 percent increase in population, and Polk, adding 56,572 people- the most statewide- and growing 13.1 percent since 2010.

The estimates continue the trend of growth in and around the major cities of the state. "Iowa's population growth over the last decade has been centered around metropolitan counties," said Gary Krob, State Data Center Coordinator. "Most of the 30 counties that have seen growth since 2010 are either part of a metropolitan area or are adjacent to one."

More than half of the state population (52.8 percent) lives in one of 10 counties, all part of a metropolitan statistical area, which include Polk, Linn, Scott, Johnson, Black Hawk, Woodbury, Story, Dubuque, Pottawattamie, and Dallas counties.

For metropolitan statistical areas, the Des Moines-West Des Moines Metro Area was the fastest growing in Iowa since 2010 with a growth of 15.1 percent; followed by Iowa City Metro Area at 13.6 percent; and Ames Metro Area at 9.6 percent growth.

Clinton was one of 69 counties in Iowa that have lost population since 2010 and had the highest decline, losing 2,599 people; while Emmett County declined at the fastest rate, losing 10.2 percent of its population. A loss in net migration occurred in 80 Iowa counties, where more people moved out of the county than in.

The new county, metropolitan, and micropolitan population estimates, rankings, and maps are available on the State Data Center website at www.IowaDataCenter.org.

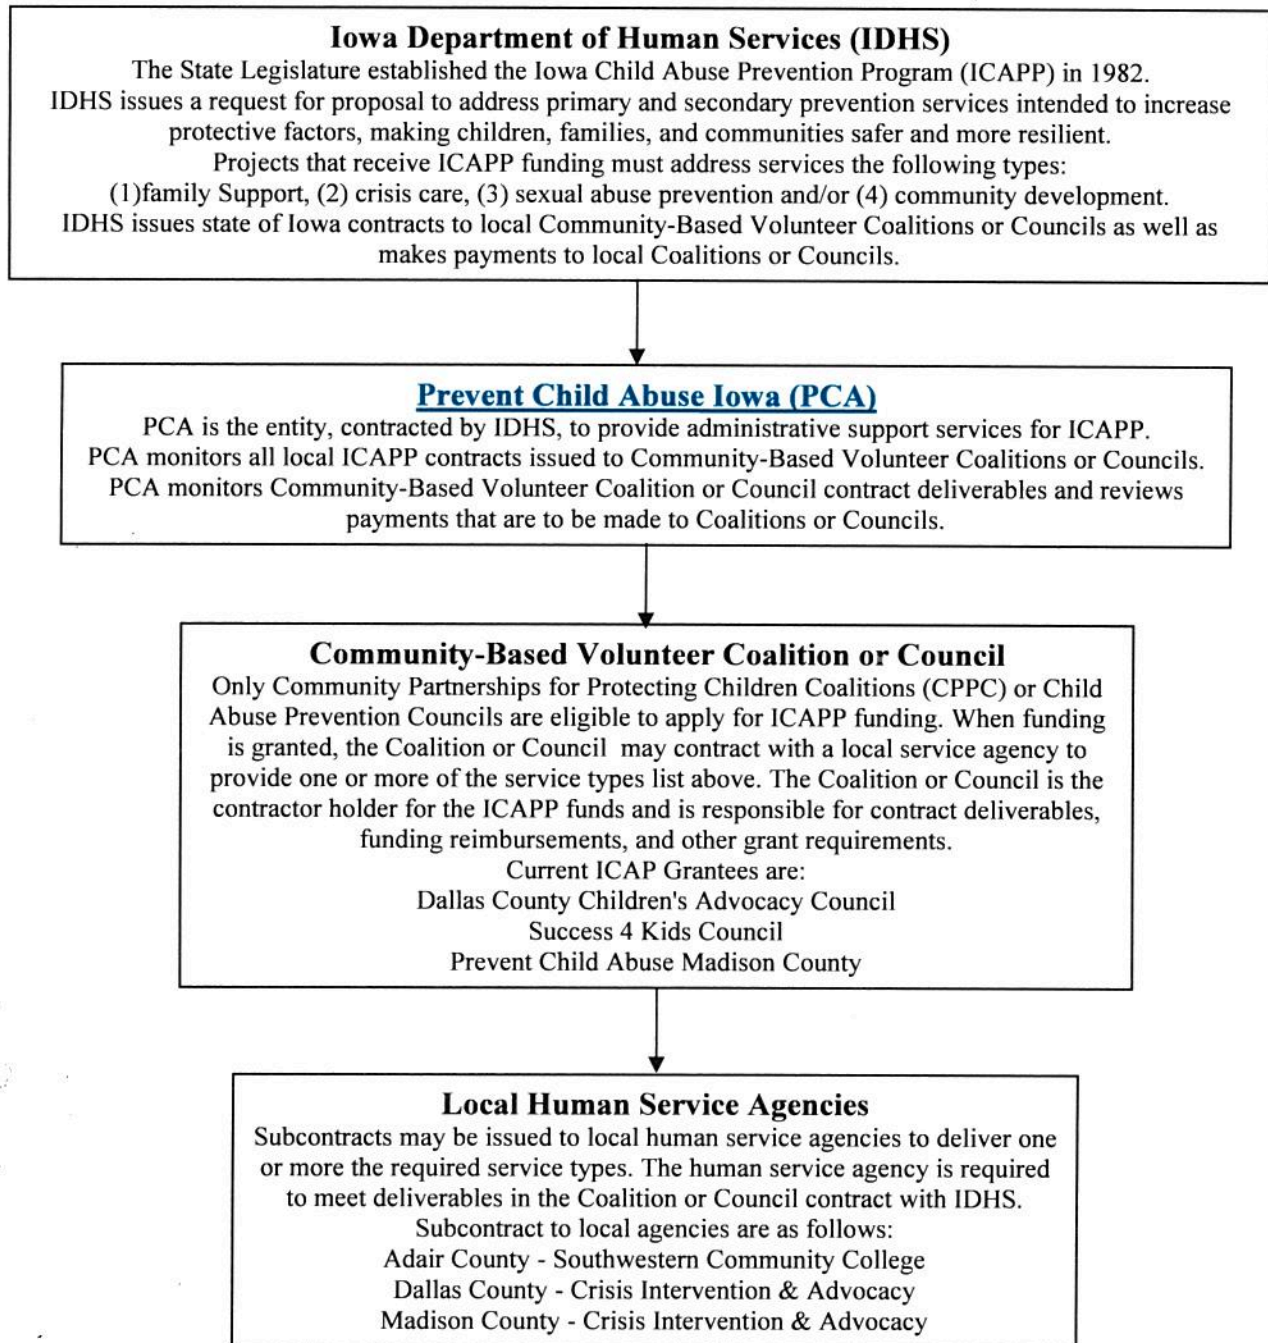

These new estimates from the Census Bureau are based on administrative data for births and deaths and estimates of migration since the 2010 census. Caution is urged in making year-to-year comparisons of population estimates. When the Census Bureau releases new estimates for the current year it also revises estimates for previous years in the decade.

The U.S. Census Bureau Population Estimates Program prepared the latest population estimates in partnership with the Federal-State Cooperative Program for Population Estimates. The State Data Center is part of the State Library of Iowa and is a member of the Federal-State Cooperative Program for Population Estimates.
